

ARTICULATING VIDEO BORESCOPE FOR **MANUFACTURING****THE BORESCOPE**  
YOU NEED TO SEE

“This was a great addition to our tool cage. We had it in use ten minutes after arrival and it’s been busy ever since.”

RICHARD, MAINTENANCE SUPERVISOR

“We use your borescope in the field, so the portability is perfect for us to diagnose problems and show our customers the findings from our inspections.”

SERVICE TECHNICIAN, MANUFACTURING COMPANY

**FINISHING INSPECTION**

Add the VJ-3 video borescope to your arsenal to inspect surface finish, ensuring that it is free of burrs and other flaws.

**SUB ASSEMBLY INSPECTION**

When it comes to sub assembly, it is crucial that all the parts fit together perfectly. Use the joystick controlled, four-way articulating VJ-3 to access and document even the hardest-to-reach areas of every part to correct any flaws.

**MODULE INSPECTION**

Conduct regular module inspections with the VJ-3 video borescope. Identify wear, corrosion, surface damage, and other problems so you can minimize downtime and confidently complete the manufacturing process.

**IDENTIFY FAULTY PARTS**

The VJ-3 is ergonomic and easy to use. You can quickly inspect parts for any faults or imperfections. Use the VJ-3’s hi-resolution camera and video functions to document problem areas.

Internal Inspection

Minor Corrosion

ARTICULATING VIDEO BORESCOPE FOR **MANUFACTURING**

Full-Color, IPS Anti-Glare LCD Display

High-Capacity SD Storage and USB Connectivity

Joystick-Controlled, 360° Camera Articulation

Video Start-Stop

Ergonomic Pistol Grip Design

IP 54 Base Unit

Rechargeable Li-ion Battery 4 Hour Runtime

On-Board Image Processing

4X Digital Zoom

Image Capture Trigger

Tungsten Braided IP 67 Insertion Tube

Up To 20,000 Lux, 6-Stage LED Illumination

**3.9mm OR 6.0mm DIAMETER**

Available in lengths from 1.5m to 8.0m to suit any application. All insertion tubes feature our patented EasyGlide, 4-layer Tungsten sheathing for smooth entry and exit, and are IP 67 rated for rugged durability.

**ULTRA-PORTABLE DESIGN**

No need for a separate monitor. Our lightweight, compact design has a built-in, full-color LCD display. All image capture, storage and processing is handled within the standalone unit, and the rechargeable Li-ion battery delivers up to 4 hours of cord-free run time.

**DIRECT RESPONSE ARTICULATION**

Designed for responsiveness and accuracy, the direct mechanical articulation never requires calibration, and the camera/LED module stays in place even when your thumb is removed from the joystick.

**UNRIVALED SERVICE AND EXPERTISE**

The VJ-3 is brought to you by the same team of borescope experts that changed the industry 10 years ago with the world's 1st mechanically articulating, joystick-controlled video borescope. Find out why we are still the #1 seller of borescopes in the US.
